The best heifer we've ever produced! Starry Night was 46.5" at 16 months. Her flashy black and white pattern makes her stand out in any crowd. She has a very impressive record competing in futurities, including the granddaddy of them all- the Millennium Futurity, where she placed well it what some have said was the best class in any futurity ever. Here is where it gets even better- look closely at the pedigree. Some pedigrees are
